

It's week 32 and the children have worked extremely hard. It's been lovely to see so many classes really push themselves to the edge of their comfort zones in their learning. Please look on the upcoming dates section to keep up to date with the fantastic events that are coming up.

Today we break off for half term and the children return on Tuesday 2nd June. We hope you all have a lovely break.

The children in F1 have made me so proud this week. They have demonstrated time and again that they have built positive relationships and the camaraderie as they support one another has been particularly lovely to witness. Well done F1.

We had a great week in F2, we have written to the chicks, made a Giants castle outside and made an amazing sweet and sour.

The Penguins are rocking and rolling with their attendance this week, which means we are in school to experience all of the super learning opportunities. We have been retelling the Gruffalo and changing some of the events and characters. Pictures of our amazing writing will be on twitter later this evening. In Maths we have been solving tricky missing number problems.

The butterflies enjoyed setting their own butterflies free this week. They enjoyed watching them grow from caterpillars to beautiful butterflies.

This week the Rhinos have worked hard in maths finding missing numbers. They have also enjoyed continuing their Gruffalo work in topic by making collages and masks.

Another fantastic week in the Tigers class to end the half term. We have worked really hard this week classifying living things in our science work for topic. We used our relationships and resilience to help us.

Behaviour - Traffic Lights

At the Academy we use a 'Traffic Light' system to warn children if their behaviour is not of the acceptable standard. The aim is for the children to stay in green. The totals below show how many children have achieved this each week.

This week 284 children out of 287 have stayed in Green.

Well done!

2 RETWEETS

Alan Peat @alanpeat

@leopardsyear6 @EstcourtPrimary All best to both the staff and pupils. Kind Regards!

This week the Meerkats have been using ipads to research all about the River Nile and what a Shaduf is.

The Sharks have built a model of an Egyptian Shaduf.

The Ants have worked so hard in P.E to show different ways of sliding. It was so much fun.
