Behaviour - Traffic Lights

At the Academy we use a 'Traffic Light' system to warn children if their behaviour is not of the acceptable standard. The aim is for the children to stay in green. For children to display green behaviour; they would be in the right place, at the right time, doing the right thing. The totals below show how many children have achieved this each week.

This week **315** out of **326** children have stayed in Green.

Well done!

F1 children enjoyed having their grown-ups in the Academy for a Superhero focused Stay and Play session. Hope you all enjoyed searching for Super Hamster and solving missions!

Frogs and Spiders had a great Hull Fair Themed week, we made delicious fair food of burgers and chips (all home made of course, even the bread)! We have been role playing in our Hull Fair Shop and enjoyed having parents and grown ups to see us in the classrooms.

Another fantastic week in year 1! The children did a brilliant job designing posters and preparing for the fair!

This week the Penguins have written letters, they have thought about the features of a letter and have used a red monkey to help them! In Maths they have focused on division using number lines and objects. In topic we have been entrepreneurs and have developed some amazing popcorn to sell at the Hull Fair Enterprise event.

Another great week in the Butterflies! They have loved learning all about Hull Fair. They have enjoyed writing poems, using chalk to create their own Hull Fair scene as well as making their own moving picture.

This week Leopards have been working very hard on our Hull fair enterprise. We have been busy making posters, working out costs and of course having fun at Estcourt's very own Hull fair.

This week the Meerkats have been creating their own Ancient Greek clay pots and decorating them using Greek painting colours. Also they created and set up our 'ball in a bucket' Hull Fair stall, which involved designing, decorating and discussing enterprise ideas.

Another exciting week for Tigers being entrepreneurs. We have created our own skittles game for the enterprise fair. This included costing, designing and blogging about the game. Throughout this week we have constantly used our 13 skills.

This week the Panthers have been working hard on their enterprise skills to create and run their very own hull fair stall! They have also been very resilient when working on multiplication and division problems!

Wonderful focused work from all the Eagles this week with Guided Reading. They have worked so hard to challenge themselves and aim higher. A superb week and a proud teacher!

Have you got any unwanted Lego? If so, please donate it to school. This would help fine motor skills together with speaking and listening groups in school, and also create models! Any amount would be greatly appreciated. Thank you Mrs Tennyson.

Parent Voice

Once again we have been made aware of the use of foul language inside and outside of the academy gates. Swearing will not be tolerated any where in or around the academy, please refrain from doing so. Thank you.

We would also like to remind you that smoking is also not permitted on site or just outside the academy gates. Please refrain from doing so. Thank you

Enterprise Week

This week saw our first Enterprise week with it been Hull Fair we decided to link the two together. Every class had to make something to sell to parents and other classes on Friday morning. Some classes decided to sell food whilst others spent their budget on prizes for the games they had made. Eagles were the most enterprising class raising £59.30, well done Eagles. The children used their Big 13 skills throughout the week. It was lovely to see so many parents, thank you all for coming. The children had a great time showing off all they had made.
