Behaviour - Traffic Lights

At the Academy we use a 'Traffic Light' system to warn children if their behaviour is not of the acceptable standard. The aim is for the children to stay in green. For children to display green behaviour; they would be in the right place, at the right time, doing the right thing. The totals below show how many children have achieved this each week.

This week **336** out of **339** children have stayed in Green.

Well done!

The Foundation Stage have been busy launching their 'Great Outdoors Topic'. In the Spiders and Frogs Class we have been reading 'What the Ladybird Heard' and creating junk model insects. We have been camping outside and enjoyed a visit from the Nursery children for Friday Baking.

Nursery have been starting to read the Hungry Caterpillar and enjoying some new provision outside including junk modelling and tyres and pallets to make tall structures to roll cars and sometimes water down.

An amazing start to the summer term for year 1! Lions and Ladybirds have started looking at a new text called 'The Jolly Postman' by Janet and Allan Ahlberg. Year 1 have also been extremely resilient and have built relationships in maths by supporting classmates with grouping numbers. [Lions-@EstcourtYear1](#)

Leopards have had a fantastic first week back with Hull FC and NAPPA. We are thoroughly enjoying our new text, the BFG and have loved writing our own stories. Keep up the hard work Leopards!

Year 3 Penguins are looking forward to their work with Hull F.C and learning how to play rugby!

All of the children enjoyed working with NAPA on their musical performance and they are keen to continue this and perform for the rest of the school later in the year. [Penguins-@EstcourtYear2_3](#)

A great start to the new term in the Butterflies class! They have enjoyed starting their new topic 'Living Things' by learning about the human body. They have labelled different body parts as well as explore the different senses. For Big Writing they have been extremely resilient by writing a report about all about their senses.

What a great first week back for the Meerkats and Panthers. The children developed their teamwork skills in basketball, focused on enhancing their vocabulary and sentence structures and created their own fossils inspired by Mary Anning. Mary Anning is the class super scientists for this fortnight! We have also looked at real life fossils, made our own fossils and looked at dinosaurs too! [Meerkats-@EstcourtYear4](#)

[Panthers-@estcourtYear5](#)

This week the Eagles have been using our topical area to investigate the human body. They have looked closely at our bone and muscle structure to identify how many bones and muscles there are in the body. They found out that this differs the older you get.

This week Tigers have had fabulous rugby training by coaches from Hull FC. They learned how to pass correctly and are looking forward to building on these skills next week. They have also started their new topic based around scientists thought out the ages and have produced some amazing biographies on Mary Anning and her fossil discoveries. During maths Tigers have worked hard on some deeper thinking addition and subtraction problems and have been able to justify their answers with some fantastic reasoning. To complete this busy first week back Tigers have written some persuasive texts on why people should visits Neverland which is based on our new text, Peter Pan.
