Behaviour – Traffic Lights

At the Academy we use a traffic light system to warn children if their behaviour is not of the acceptable standard. The aim is for the children to stay in green. For children to display green behaviour; they would be in the right place, at the right time, doing the right thing. The totals below show many children have achieved this each week.

This week **328** out of **335** children have stayed in Green.

We would like to congratulate Nicola from the Meerkats class on writing her second published book. Nicola joined our Academy last year when she had already written her first book of her experiences of her life to that point. Since Nicola has joined the Academy we have been extremely proud of her resilience towards her learning and mobility, this is recognised by others as she has been nominated for a national diversity award. Please join us in registering your vote for Nicola on the following link

What do we mean when we say pupils are resilient?

Resilience is one of our 5 Rs of green learning! We say pupils are being resilient when they show determination to improve and succeed. It means not giving up, even when the going gets tough.

Pupils can show resilience in lots of different ways. It is often when they are learning in the classroom, but they can learn through other ways too, like sport and with their behaviour.

This week F1 we have been very busy making rockets for the science competition. I wonder whose rocket will go the furthest. Due to this slight change in plan we will continue with our snail theme next week as we still have lots of ideas to try out.

FS1-@EstcourtFS1

F2 children have had a busy week doing lots of different activities! On Tuesday we made mud pie which was very yummy! We have turned into investigators this week, looking carefully for bugs around our play ground in a 'Bug Hunt'!

Lions-@EstcourtYear1 Ladybirds-@EstcourtYear1

What a fantastic week in Year 1! The Lions and Ladybirds have learnt how to tell the time to o'clock and half past in maths. In writing they innovated the 'Jack and the Beanstalk' story by changing the characters. They also had a great time making their rockets ready for BLAST OFF!

The Butterflies have put on their painting caps and aprons this week whilst recreating a painting in the style of Jackson Pollock. During their topic this week they have learnt all about space, whilst drawing planets with chalk!

Butterflies-@EstcourtYear2

The Penguins have been very busy this week! We have been investigating vertices on 3D shapes using straws! This week's topic work has involved learning all about rockets!

Penguins-@EstcourtYear2_3

Leopards have worked very hard using the inverse operation this week. Sam did such a good job he was teaching the rest of the class how to do it! Leopards also showed some fantastic use of the bar method this week!

Leopards-@EstcourtYear3

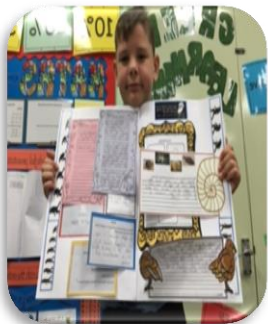

During this week the Panthers have been looking at the mass of an object and deciding if this will make a difference to their new rockets! We couldn't wait to test them!

Panthers-@Estcourt_year5

A busy week has seen the Meerkats focus on the 1969 moon landing and build our own rockets to test in Topic. Meerkats have also been working hard scriptwriting in Guided Reading and investigating factor pairs in Maths.

Meerkats-@EstcourtYear4

We have had a very productive scientific week in the Eagles classroom! We've been asking the following questions: What have I inherited? What have I acquired? Who did I inherit this from? How did I obtain that skill?

Eagles-@EstcourtYear6

We have had a super exciting week in Tigers! The Tigers have been in contact with not one but two authors over our Blog and Twitter!

Scot Said On 25-05-2016

Hey Visaakan, hey Noah, thanks for the great book reviews. I came up with the idea for Dark Stone Eye thinking about an old pen I have at home. I wondered how many hands had held it and how many words it had written and that got me thinking about the lives of everyday objects. That led to thinking about the lives of amazing objects and the power of story. Stoked that you enjoyed the book!

Safeguarding

At Estcourt Primary Academy, the welfare of all our pupils is of great importance to us and we hope that parents are confident about their children's health and safety whilst in our Academy. We will always try to share any concerns with parents. However, there are times when we are legally obliged to share our concerns with other agencies, without first speaking to parents, or without the consent of parents. The safety and protection of our pupils is our most important concern and we wish to reassure you that any sharing of information is done with the children's best interest at heart. If you have any concerns about the welfare or safety of any child in our Academy, the Child Protection Officer is Mrs Finn. In her absence, you should contact Mrs Hewitt. In addition, Mrs Midgley-Wright, Leader of Learning and Mrs Capon, Safeguarding Support, work closely with Mrs Finn. They can be contacted through the Academy office. The Academy has a duty to inform parents that there is a prohibition reporting or publishing details (including on social media) that could identify anyone who is subject to allegation.
